

Charlottetown Harbour Authority Inc.
Storage Charges
Effective April 1, 2012

Item	Column I Description	Column II Unit Basis	Column III Rate Jan. 1, 2004 (in Dollars)
1	Storage for goods in sheds other than frost-proof sheds, per day	square metre	\$0.25
2	Storage for vegetables and root vegetables in frost-proof sheds:		
	(a) unheated sheds for each 5-day period or part thereof	square metre	\$0.90
	(b) heated sheds (i) for the first 5-day period or part thereof after initial entry into the shed for the purpose of consolidating a shipment	square metre	\$3.00
	(ii) for each additional 5-day period or part thereof, for the period	square metre	\$2.00
3	Storage for goods other than vegetables and root vegetables in frost-proof sheds, where space is not required for vegetables or root vegetables, per day	square metre	\$0.40
	Storage for goods on wharf, per day or part thereof	square metre	\$0.15
	Storage for goods elsewhere at a public port facility, per day or part thereof	square metre	\$0.10

Goods that are stored on port lands will be charged in accordance with the CHAI posted rates for all of the land area used from the time the storage of the goods are placed on the land until the goods are completely removed. For greater clarity, the land area will be measured once the storage of the goods has been completed and that area will be used in the calculation of the storage rate until the goods have been completely removed. There will be no deduction, setoff or abatement of the storage rate for partial removal of the goods during the storage period, and the storage rate will be effective on a daily (or portion of a day) rate basis from the commencement date of the storage, whether or not all of the goods are stored as of that date, and be in effect until all of the goods are completely removed from the land.
